

Arltunga Historical Reserve

Fact Sheet

Arltunga was officially Central Australia's first town, born out of a gold rush. In 1887 alluvial gold was discovered in a dry creekbed downstream of Paddys Rockhole. Fortune seekers had to travel 600 kms from Oodnadatta railhead, often on foot. The area once supported up to 300 people.

Access

Located 110 km east of Alice Springs along the Binns Track, the Reserve can be reached in a two wheel drive vehicle. After 77 km of sealed road along the Ross Highway, there is a formed gravel road which leads north east for 33km to Arltunga. Gravel roads provide access to the major attractions within the reserve (Note: gravel road surface conditions do vary and roads may be impassable when wet).

When to visit

The Reserve is accessible all year round. The cooler months (April to September) are the most pleasant.

What to do

 **Visitor Centre** - The Visitor Centre gives an over-all introduction to the Reserve and the mining era, through cultural and historical displays. There is a DVD presentation which offers an insight to the past and informs visitors about the Reserve's attractions. You can even try your hand at panning for gold in the courtyard display. Collect a copy of the 'Exploring Arltunga' brochure and map at the Visitor Centre. The Centre is open from 8am to 5pm daily.

Walking - Tracks explore the Government Battery and Cyanide Works, Police Station, old mine workings and residential areas. Self-guided walks are established at most attractions. If you wish to explore a mine, please bring a torch.

During May to September, free guided tours of significant historic sites are provided. Ask at the Visitor Centre.

Picnicking - Picnic and barbecue facilities with shade shelters and toilets are located at the Visitor Centre and the Police Station Precinct. Picnic benches are also located at the Joker Gorge, Great Western Mine and Historic Mines Walk carparks.

Camping - Camping is not permitted on the Reserve.

However, visitors may choose to camp at nearby Trephina Gorge Nature Park (2WD access) or N'Dhala Gorge Nature Park (4WD access). Both have basic bush camping facilities.

Commercial accommodation is available at Ross River Resort (08) 8956 9711 or Old Ambalindum Homestead (08) 8956 9993.

Safety and Comfort

- Observe park safety signs.
- Carry and drink plenty of water.
- Wear a shady hat, sunscreen, insect repellent, suitable clothing and footwear.
- Avoid strenuous activity during the heat of the day.
- Consider your health and fitness when choosing a walk.

Please Remember

- Keep to designated roads and tracks.
- All historic, cultural items and wildlife are protected.
- Fires are only permitted in designated firepits.
- Firewood collection is not permitted in the reserve.
- Bins are not provided, please take your rubbish with you.
- Pets are not permitted in this reserve.

Fossicking - Fossicking, including the use of metal detectors, is **not permitted** in Arltunga Historical Reserve.

However, fossicking is permitted in the adjoining Fossicking Reserve (see map) for holders of a current NT Fossickers Permit. Permits are available online www.fossicking.nt.gov.au or from Minerals and Energy and the Rangers at the Visitors Centre.
